HONORED LECTURER - LISA DESHAIES, OTR/L, CHT

Nourishing and Flourishing Our Roots (.5 PDUs)

Our profession's deep roots in occupation are indeed something to be celebrated. But how well are they being tended to? Are we leaving this to others or are we actively engaged in protecting and fortifying them? Together, let's explore how we each can and must contribute to the propagation of our roots and unleash the power of occupation in ourselves and for our clients. This session will invite you to reflect on your past and future practice and offer insights harvested from OT scholars, researchers, educators, practitioners, students, and patients that have cultivated my "occupassion" of being an OT.

Lisa Deshaies,
OTR/L, CHT

Lisa Deshaies, OTR/L, CHT, is a 1986 graduate of the University of New Hampshire who headed west to California with a plan to train and work at Rancho Los Amigos National Rehabilitation Center for a couple of years. 36 years later, she continues there as a clinical instructor for outpatient occupational therapy services. Deshaies has specialized in complex fractures, burns, amputations, arthritis, and other upper limb orthopedic conditions, obtaining her Certified Hand Therapist (CHT) credential in 1995. She has taught "Principles of Hand Therapy" as adjunct clinical faculty for the Chan Division of Occupational Science and Occupational Therapy at the University of Southern California for over 20 years. Deshaies has published in OT and hand therapy textbooks and has presented locally and nationally on topics related to hand therapy and occupation-based care. Nourishing and Flourishing Our Roots (.5 PDUs)

Lisa Deshaies, OTR/L, CHT

Our profession's deep roots in occupation are indeed something to be celebrated. But how well are they being tended to? Are we leaving this to others or are we actively engaged in protecting and fortifying them? Together, let's explore how we each can and must contribute to the propagation of our roots and unleash the power of occupation in ourselves and for our clients. This session will invite you to reflect on your past and future practice and offer insights harvested from OT scholars, researchers, educators, practitioners, students, and patients that have cultivated my "occupation" of being an OT.

An additional \$85 fee is required to attend this event and includes lunch.

Special gallery seating is available to students only for \$10 (lunch not included).

Seating is limited for both categories.

STUDENT TRACK

SUPPORTING OUR FUTURE LEADERS

For many years, OTAC has offered student members a deep discount on registration fees for Annual Conference as a component of the OTAC Board of Directors' goal to support the future leaders of the profession and the Association. The Annual Conference affords students an opportunity to network with other students from around the state, network with practitioners for mentorship opportunities, learn about clinical applications outside of the school and fieldwork settings, meet with employment recruiters in the Expo, and be energized and excited about their profession and the Association. The Student Track selections are a collaboration of the OTAC Student Leadership Committee, which includes the Committee's Student Delegates (two students from each OT/OTA program), and the OTAC Conference Committee.

Students are also encouraged to attend Pre-Conference Institute sessions on Thursday. While there isn't a discount, these sessions often offer unique content as well as exposure to alternative and emerging practice methods, and a discounted rate for members.
